In this workshop, we have invited different renowned researchers (speakers), from academia and industries, across the world to discuss their research works in IoT. We are providing an effort to make the Indian research community aware of IoT technologies and providing them an opportunity to interact with the world-renowned experts. *Only a few speakers are listed over here, many others will join to deliver their respective talks.*

### Features:

- Opportunity to interact with renowned experts
- Insight to different current and future IoT research and development.
- Opportunity to collaborate
- Certificate on attending the sessions
- Registration fees is very nominal

### Registration Fees:
*Masters and Doctoral students: INR 300,*
*Others: INR 1000,*
*International Participants: USD 50*
**For more details, please visit our website**
**Registration deadline: September 30, 2022**

**Convener:**
**Dr. Arijit Roy**

**Patron:**
**Prof. G. Kannabiran**

**Computer Science and Engineering Group**
**IIIT Sri City, Tirupati, Andhra Pradesh, India**
